

ERRATUM/CORRIGENDUM

Corrigendum to 'Understanding COPD Emergency Department presentations: using thematic analysis to explore the voices of patients, nurses, and doctors on the lived experience of managing COPD' [*Australian Journal of Advanced Nursing*, volume 40, issue 1 (2022), DOI 10.37464/2023.401.195]

Following publication of this article the authors notified the editorial team that an author who had facilitated data collection and contributed to an original version of the manuscript had unintentionally been omitted from the author list. The authors confirmed that this oversight occurred following a change in corresponding author and associated responsibilities and have endorsed the subsequent amendment to the author list.
